GRANT COUNTY HEALTH DISTRICT:

- Theresa Adkinson from the Grant County Health District awarded Carol Nordine for her “stellar job” and service on the board. She stated that the contract for next year had been sent out and she recommended for everyone to “like” The District’s Facebook page to spread the word.

PUBLIC WORKS DEPT REPORT:

- Public Works Director Jared Armstrong reported on public works projects since April. He reviewed the status of some water lines that were removed during construction and the need for ongoing improvements to the city’s infrastructure. He stated that he would like Gray & Osborne considered for the engineering contract with the city as they have been our engineer for a long time and have a lot invested in the city that will require a new agency to re-create.

PUBLIC COMMENTS:

- **Brian Buche – 219 Washington Pl.** Asked where in the 2019 budget were the parking lot improvements? He asked if there was a change order. Administrator Powers explained that there was a budget amendment for the improvements done a few months back. Brian stated that he would be in to get the amendment tomorrow.
- **Mark Payne – 1 Washington Pl.** Stated that he was still in good contact with the fire department members and wanted to recommend Justin Miller for Fire Chief. He stated that he thought he'd do a good job but does not recommend that the Fire Chief receive any money for the position. He disagreed with Jared on the selection of a new engineering firm.

COUNCIL AGENDA:

- **2020-2021 General Engineering Contract**
Mayor Pro Tem Aaron Derr (Council Contact for the Engineering Selection Committee) stated that the meetings with the agencies went well, but the committee unanimously voted to recommend Century West to the council for approval of a contract. Administrator Powers explained that although the meetings with the perspective agencies went well, the initial selection process was possibly not done as to select the "most qualified" engineering firm. He stated that Gray & Osborne has been the city's engineer for more than 35 years and has done more than a dozen large projects in the city. He felt that Gray & Osborne should have been one of the 3 agencies selected for an interview process based on those qualifications. Diane Kohout stated that she called references and gave Gray & Osborne "every opportunity to shine" but did not receive positive feedback from her calls. Brad Parrish stated that he had done intense calling of the agencies as well and that is how he selected his top 3. A motion was made and seconded to accept the committee's recommendation to choose Century West for the 2020-2021 General Engineering Contract.
