- Councilmember Slater read a personal statement regarding the upcoming vote on Resolution 2020-13. She expressed her disappointment that in the previous special council meeting held on 7/28/20 the majority of the councilmembers voted to authorize the city to place a levy vote for operational and maintenance costs for the proposed Ice Age Park on the November 3, 2020 ballot. She feels there is money within the city budget to cover the moderate expenses of the maintenance. She feels that the park committee has gutted the design of the park to meet the council's desire to come in under budget. She feels that the levy vote is unlikely to pass in the current Pandemic climate and that restrictions on public meetings will not allow for proper promotion of the levy.
- A motion was made and seconded to adopt Resolution 2020-13, a Resolution of the City of Electric City to provide Electors of the City in the General Election in November 2020 a Proposition authorizing the City to levy Excess Property Taxes to provide funds for operations and maintenance of the Ice Age Park for one year.
